BAND BIOGRAPHY

THE DISASTER AREA is creating fresh metal core and melodic hardcore that stands out from the scene with creativity, authenticity and first of all emotionality.

Since 2012 the band appears under the name THE DISASTER AREA and with a defined musical goal that was primarily outlined with the first album "**Sell Your Soul**" (Deafground Records) in 2016.

In 2018 the band made the biggest step in their career so far by signing to **REDFIELD RECORDS**.

In November 2018 THE DISASTER AREA released their second album "**Alpha//Omega**" (REDFIELD RECORDS) in November 2018 with great success – **after only 1 week the pre order boxes were completely sold out**, the **releaseshows** in Nuremberg (Z-Bau), Berlin (Musik & Frieden) were sold out and over **300 fans** attended the bands hometown releaseshow.

With the video for the new single THE DISASTER AREA takes inspiration from a narrative structure that is rather used in movies or TV series. "**Reborn [Alpha]**" marks the second chapter of a story which first part is taken up by the single "**Fade [Omega]**", including a feature from **Christoph Wieczorek** from **Annisokay**.

THE DISASTER AREA has not only gained a nationwide live-fanbase but also understood how important **social media** is nowadays. With **50.000 followers** on all social media platforms, about **500.000 album streams** and **400.000 video plays** THE DISASTER AREA shows that they can attract attention like a well-established band.

The year 2019 will bring even more success and great shows for THE DISASTER AREA. There are already some big festivals booked, such as „**FajtFest**“ in Czech Republic, with bands like **COMEBACK KID, RISE OF THE NORTHSTAR, POLAR** or „**SummerCore Fest**“ with **ANNISOKAY, WALKING DEAD ON BROADWAY** und **DESASTERKIDS**.

Having played club shows and festival gigs **all over Germany**, the five-piece metalcore band from a small city near Munich can attract an audience beyond any boundaries of the scene. THE DISASTER AREA shared the stage with international bands like **BRING ME THE HORIZON, BURY TOMORROW, ANNISOKAY, MADBALL, NOVELISTS, OCEANS ATE ALASKA, LANDMVRKS, OUR HOLLOW OUR HOME** and **DESASTERKIDS**.
